### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

All of the independent claims have been rewritten to include all the subject matter of previously objected to claims and thus the case is in condition for allowance. In regard to the broadest independent claim, claim 1, it is noted that while Japanese document number JP 10279163A shows a document binding apparatus for externally attaching to a printer apparatus that comprises a paper lead-in roller mechanism, a paper arranging mechanism, a paper binding mechanism, and a binding table as required by the claim, it does not show a surface of the binding table provided with a non-slip treatment that prevents misalignment of the arranged paper. Furthermore, it would not have been obvious to provide the binding table of the Japanese document with a non-slip treatment because the sheets in the Japanese document are aligned by slipping down against an alignment edge and therefore providing a non-slip surface would interfere with the operation of the apparatus.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark A. Deuble whose telephone number is (703) 305-9734. The examiner can normally be reached on Monday through Friday except for alternate Fridays.
